

Experience the thrill of saving lives and fighting fires as you operate a wide range of firefighting and life-saving equipment.

Curriculum Highlights:

This Fire Service Training program will prepare you to become an Ohio Certified Professional Firefighter and Emergency Medical Technician - Basic.

Gain real-life experience working on:

- CPR and basic care for the ill and injured
- Curriculum for Firefighter I & II Certification
- National Standard Curriculum for EMT
- Fire, rescue, and emergency medical services
- Social aspects of firefighting such as teamwork, station etiquette, work ethic, pride, and ownership

Career Focus:

You will be prepared for immediate employment as a Firefighter/EMT. You will also be prepared to continue your education to obtain a paramedic certification or a degree from a 2 or 4 year college.

“I’ve always wanted to be a firefighter and firefighting runs in my family. I appreciate that the instructors here take a personal interest in my success. I plan to get my paramedic card after I graduate and become a full time firefighter paramedic.”

- Aaron Ash
Fire Service Student

The Delaware Area Career Center, in partnership with community, is an innovative model for developing lifelong learners, quality leaders, and critical thinkers for the dynamic and global environment.
